San Joaquin Delta College Foundation

Items to Be Considered in

Preparing Guidelines for Council Accounts

There are a number of council accounts that have been in place for many years. These council accounts span the various iterations of the Foundation's existence and structure. The Foundation Board wants to update the records for the foundation's tax exempt status and make sure the Foundation is supporting the intent of the councils. The following points are identified for possible inclusion in a set of guidelines related to council accounts and activities.

The list is not all inclusive but representative of the kinds of elements that should be considered. The Foundation Board does not intend to make the guidelines onerous or too intrusive into council accounts. The Board wants to encourage fund raising for departmental needs while meeting its fiduciary responsibilities as the legal tax exempt umbrella organization, within which the councils function.

After initial discussion of the list the Board will solicit input and comment from council/departmental staff before the Board considers a draft set of guidelines. It would be the board's goal to act on the guidelines by its March 2016 meeting.

Items to be considered:

- 1. Developing a structured document to capture basic information about each council.
 - Name of the council
 - Purpose of the council
 - General means of revenue generation anticipated
 - General uses of funds generated
 - Authorized signors (two required, one of which should be dean or administrator)
 - Directive for any unused or dormant funds upon cessation of council activities (include some options on the form)

- 2. Process for creating or amending a council account.
 - Completion of the form described in Item #1 above
 - Approval from area administrator
 - Review by District fiscal office for any non-profit compliance issues
- 3. Should there be a periodic review or renewal of council accounts to confirm that they are still viable and needed, say every 3 years?
- 4. Should councils be requested to prepare brief annual reports that are provided to the foundation board?
- 5. Should council accounts be closed and assets reassigned if an account is dormant for some period of time (2, 3 years)? If so a notification process needs to be put in place.
- 6. Should there be a minimum dollar threshold for opening and maintaining a council account?
- 7. Should there be any type of account handling fee for council accounts?
