[Excluding Public Works and Facilities Maintenance] [For Internal Use Only] Fiscal Year 24/25 (July 1, 2024 – June 30, 2025)

It is the responsibility of <u>all</u> San Joaquin Delta Community College District <u>faculty and staff</u> to be prudent stewards of public resources. Following the District's procurement policies and procedures ensures the District and public funds are protected and risk is mitigated.

	Identify Procurement Expenditure Types						
	Good	Service	Public Works and Facilities Maintenance				
Description	A good is a tangible or physical product; tangible meaning something you can touch. Note: A single good valued over \$5,000 requires tagging by the Procurement and Contracts department for tracking purposes.	A service is something intangible, which cannot be physically touched or stored. Note: Depending on the risk to the District, some services require separate signed agreements.	 Public Works involve the erection, construction, alteration, painting, repair, or improvement of any structure, building, road, or other state improvement of any kind. Facilities Maintenance is routine, recurring, and usual work for the preservation, protection and keeping of any publicly owned or publicly operated facility for its intended purposes in a safe and continually usable condition. 				
Process Method	If less than \$5,000 per transaction, use the department P-CARD to purchase the good. If over \$5,000 submit an Oracle requisition, once the requisition is approved by the fiscal officer, the requisition is routed to Procurement for processing.	Review the Service Matrix on the Contracts website to identify requirements before Oracle requisition is submitted. Submit a requisition; once the fiscal officer approves the requisition, the requisition is routed to Procurement for processing.	Review the Facilities Checklist on the Purchasing website for requirements. Once requirements are met submit an Oracle requisition, once the requisition is approved by the fiscal officer, the requisition is routed to Procurement for processing. *Less \$75k – department single quote *\$7,501 - \$220k –informal process by Procurement *Over \$220,001 – formal process by Procurement
