NEW MATH CLASSES AVAILABLE FALL 2022!

Big news: California community colleges, including Delta, will no longer offer math courses below transfer level starting Fall 2022.

Don't worry! You have plenty of options to finish transfer-level math, and we will support you every step of the way.

You have choices!

HERE'S WHAT'S AVAILABLE FOR FALL 2022

Which math classes can I take right away in Fall 2022, without prerequisites?

- **STATS 12EX** (Intro to Probability and Statistics with Support -- 4.5 units)
- **MATH 37EX** (College Algebra with Support -- 4.0 units)
- **MATH 37** (College Algebra -- 3.0 units)
- **MATH 38A with MATH 71** (Precalculus I with Support -- 6.0 units)
- **MATH 17A/B** (Concepts and Structures of Mathematics -- 3.0 units) (for elementary teachers)

You've got this! Data show that students in transfer-level courses with corequisite support are much more likely to pass the transfer-level course in one year than students who begin in a below-transfer-level course.*

Which math classes may require prerequisites in Fall 2022?

- **STATS 12** (Intro to Probability and Statistics -- 4.0 units)
- **MATH 38A** (Precalculus I -- 4.0 units)
